

# FEEES

**Valid as at 9 July 2008**

**and subject to periodic review**

**For an up to date fees schedule visit [www.24hrs.co.nz](http://www.24hrs.co.nz)**

There are many factors that determine what you will pay when you come to the 24 Hour Surgery — some of these factors include:

- The time of day
- Whether you are enrolled with a Pegasus practice or not
- Whether you have a Community Services Card
- Whether the visit is ACC related

**We do understand that payment for medical care can be difficult for some people. If you have concerns about whether you can pay please talk to us as we may be able to make arrangements to assist you:**

- You may wish to wait and see your GP team if it is not urgent
- You may wish to set up an automatic payment option if you cannot afford to pay the full fee at the time of consultation.

When you visit the 24 Hour Surgery, whether you see a doctor or nurse, our price is the same. If you require another visit for the same condition within 24 hours this will not attract a fee. (This does not include ACC or dressings).

The Emergency Department at Christchurch Hospital is under a great deal of pressure and we all have a part to play in keeping it for emergencies. However, you need to attend the Emergency Department if there is no other option and your need is urgent.
